INSTALLATION SAFETY INSTRUCTIONS

CAUTION: This mount is intended for use only with the maximum weights indicated. Use with screens heavier than the maximum indicated may result in instability causing possible injury.

Do not attempt to install this product until all instructions and warnings have been read and properly understood.

Please keep these instructions for future reference.

Please check carefully to make sure there are no missing or defective parts - defective parts must never be used.

B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire.

General

B-Tech AV Mounts recommends that a professional AV installer or other suitably qualified person install this product. Great care must always be taken during installation as most AV equipment is of a fragile nature, possibly heavy and easily damaged if dropped.

If you do not fully understand the instructions or are not sure how to install this product safely, then please consult a professional for advice and/or to install this product for you. Failure to mount this product correctly may cause serious injury or death both during installation and at any time thereafter.

Do not mount any AV equipment that exceeds the specific weight limit of the product you are installing.

This weight limit will be clearly stated on each product and its packaging and will vary from product to product.

Trolley operation

Warning: The trolley can tip over which may lead to serious injury. Only adults should push this trolley, do not allow children under 16 to move the trolley. Push the trolley on the narrow side, never pull the trolley. Do not push at the top of the trolley, push near the middle. Move the trolley slowly. Always park on level ground, never leave the trolley on an incline. Apply the brakes when the trolley is stationary, release the brakes when pushing the trolley.

Product location

Please pay careful attention to where this product is located, some locations are not suitable for installation.

For indoor use only. Install stand on level ground. When verifying the stability of the structure, consider the following external factors: The strength of the floor, exposure to sudden and severe wind and danger arising from contact with people and / or objects (eg installations in passageways, emergency exits), if located in a public or frequently populated area ensure that the product is out of the immediate reach of people.

Fixing hardware

It is highly recommended that all fixing screws be used where supplied and that the purpose of all other fixing hardware is fully understood. In some cases more AV equipment fixing hardware will be supplied to accommodate different models of equipment and set up configurations.

The installer must be satisfied that any supplied fixing hardware is suitable for each specific installation.

If any fixing screws or included hardware are deemed not sufficient for a safe installation then please consult a professional or your local hardware store.

Hazard limitation

When routing cables take advantage of any built in cable management features that the product might provide and ensure that all cables are tidy and secure. Check to see that any moving aspect of the product can do so unhindered by any cabling. Some products have moving parts and the potential to cause injury through the crushing or trapping of fingers or other body parts. Particular attention to the nature of moving parts is required especially when assembling installing and adjusting during set up. Immediately after installation double-check that the work done is safe and secure. Double-check all necessary fixings are present and are of ample tightness.

It is recommended that periodic inspections of the product and its fixing points are made as frequently as possible to ensure that safety is maintained. If in doubt consult a professional AV installer or other suitably qualified person.

- CN B-Tech AV Mounts 建议本产品由专业AV安装人员或其他合格人员安装。B-Tech AV Mounts 及其它的代理商、经销商不对由于不恰当的安装而造成的损失或伤害负责。本产品必须安装在合适的架构上，并仅用于不超过所标示的最大承重。
- CS Společnost B-Tech AV Mounts doporučuje provést instalaci tohoto produktu instalátora AV či jinak způsobilé osoby. INSTALLATION INSTRUCTIONS

1. CONNECT MOUNTING RAILS

- i. On one side of *item 18*, insert 4x *item 21* half-way into each channel.
 - ii On the other side of *item 18*, insert *item 21* into the 2 centre channels - See Fig. 1
 - iii. Fasten the grub screws loosely *item 21*, fixing the extension bar to the mounting rail.
 - iv. Slide *item 19* onto *item 21* and tighten all grub screws, securely connecting the rails.
- Repeat for both sets of rails.

Fig. 1

JOINING BAR ASSEMBLY

Combined Mounting Rails

2. INSERT SLIDING NUTS INTO MOUNTING RAILS

On both ends of *item 18*, Insert 4x *item 15* into the front of the rail.

Two in the top channel and two in the bottom channel - See Fig 2. for positioning inside the rail.
Repeat for both rails.

Fig 2.

3. ATTACH FIXING PLATES TO COLUMNS

- i. Insert 4x *item 15* into each front channels of *item 8*.
- ii. Attach *item 14* to *item 8* using *items 15 & 16*.

Repeat for both columns.

Note: Ensure the top of the column is the non-threaded end

Assembled Columns

4. MOUNT RAILS TO COLUMNS

On the floor, connect *item 8* to *item 18* using *item 14* with *items 15 & 16*

Note: Distance the columns 1500mm (59") apart on the rails.

5.

- i. For a mobile stand, remove *item 3* from *item 1*.
- ii. Attach *item 2* to *item 1*.

- iii. Fix *item 1* to *item 8* using *items 4 & 5*.

6. ASSEMBLE VC SHELF

- i. Attach *item 26* to *item 25* using *items 28 & 29*.
- ii. Attach *item 33* to *item 26* using *items 30 & 31*.

Assembly shown
for mounting the
shelf below the
rail / screens.

OPTIONAL ADD EXTENSION BAR

For an extended reach
attach *item 27* onto
item 26 using *items 30 & 31*.

- iii. Hook *item 25* onto *item 18*.

- iv. Secure shelf to rail.
Optional: Level the shelf bracket by using height adjustment screw on *item 25*.
Use the safety screw underneath the hook arm to secure the shelf bracket to rail.

- v. Use *items 34 & 35* to fix a camera to *item 33*.

6. MOUNT INTERFACE ARM TO SCREENS

Fix item 23 to the rear of the screens using the interface kit provided (items A - N).

Note: Ensure interface arms are positioned the correct way round and the same holes are used on both arms.

Assembled Screens

***Note:** Use spacers (item L) if mounting the VC shelf onto the rail using item 25 mounting arm, or, if the screens have recess fixings use items K-N.

7. HOOK SCREENS ONTO STAND

i. Using *item 23* hook the first screen onto *items 18 & 19*.

Note: Ensure screen hooks onto both set of rails.

ii. Once the first screen is securely hooked onto both rails, mount the second screen

iii. *Optional:* To help align the screens, use *item 24* to adjust the height levelling screw on top of *item 23*.

iv. Secure screen to mount by tightening the safety screws on the bottom of *item 23*.

Repeat for both screens.

LEVelling SCREW

SAFETY SCREW

8. ADD END CAPS AND COVERS TO STAND

- i. After the screen cables are connected and routed down the back of *item 8*, partially clip *item 10*, this allows easy removal if more cables need adding. Once satisfied all cables are fitted, clip the covers on fully.
- ii. Fit *item 11* to the top of *item 8*.
- iii. Fit *item 20* to the ends of *item 18/19*.
- iv. With a knife, cut to length *item 9* and insert to the front and sides of *item 8*.

WARNING! Contact a professional AV installer or other suitably qualified person for any further operation or removal of equipment after installation
