

BT893

HEAVY DUTY PROJECTOR CEILING MOUNT WITH MICRO-ADJUSTMENT

Designed to mount projectors up to 70kg, the **BT893** heavy duty projector mount can be fixed directly to the ceiling or can be mounted to any B-Tech Ø50mm pole (ideal for installing in areas with high ceilings where a larger ceiling drop is required). The projector fixes to an extendable mounting plate, with optional extension legs included to accommodate larger fixing patterns. The mounting plate of the BT893 uses 4-point micro-adjustment for added flexibility, so that a perfectly aligned projection can be achieved.

SPECIFICATIONS

Max load	70kg
Tilt (pitch)	+20° / -10° (+/-5° with micro-adjustment)
Yaw (ceiling mounted)	25°
Yaw (pole mounted)	45°
