

BT7852

SYSTEM 2™ SWIVEL ADAPTOR FOR Ø50MM POLES

The **BT7852** allows a screen or AV equipment mounted at the bottom of a 50mm pole to be swivelled 360°. Used in conjunction with the System 2 range of ceiling mounts, the swivel adaptor connects two BT7850 poles together and is an ideal component for a flat screen ceiling mount where the display needs to be repositioned in various directions once mounted. The swivel action features a moderate resistance to prevent any unwanted movement and has cable management holes for a tidy install.

SPECIFICATIONS

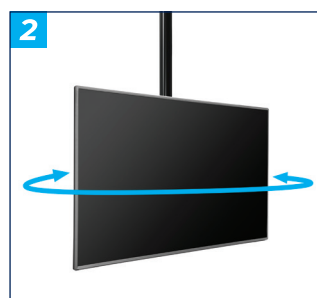

Max load (Single Sided Screen)	70kg
Max load (Back-to-back)	35kg per screen
Swivel	360°
Steel thickness	4mm
Colour	Black

FEATURES

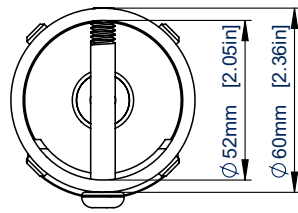

- 1 Designed for use with System 2 components such as BT7850 Ø50mm poles
 - 2 Ideal for mounting screens to the ceiling with the ability to swivel 360°
 - 3 Also suitable for back-to-back and floor-to-ceiling installations
 - 4 Integrated cable management
- Includes cover plate for a tidy installation
 - Heavy-duty steel capable of supporting substantial loads
 - Multiple grub screws allow micro-adjustment of the pole
