

BT8380-FFB

SYSTEM X™ BOLT-DOWN FLOOR BASE

Designed to securely fix System X installations to the floor, the **BT8380-FFB** Bolt-Down Floor Base attaches directly to any BT8380 vertical column to create a fixed position mounting solution with a minimal footprint. Using a 6mm thick steel plate, this base is strong enough to support loads of up to 200kg per column and is ideal for installations where floor space is limited, such as retail applications which require screens to be mounted closer to walls or shop windows.

SPECIFICATIONS

Max load	200kg per column*
Plate thickness	6mm
Base dimensions	W : 240mm D : 240mm H : 6mm
Colour	Black
