

BT8380-FBFK

SYSTEM X™ FLOOR BASE FIXING KIT

The **BT8380-FBFK** is a floor fixing kit which clamps around the BT8380-BASE to provide added security to freestanding installs, preventing the install toppling should it be exposed to excessive force. The kit is made from 4mm thick steel to allow it to cope with securing larger scale installations, and can be placed anywhere along the flat sections of the base for extra stability. The bracket of the FBFK is placed over the base and easily bolted into the floor (fixings are not provided) and 2 brackets supplied per base used.

SPECIFICATIONS

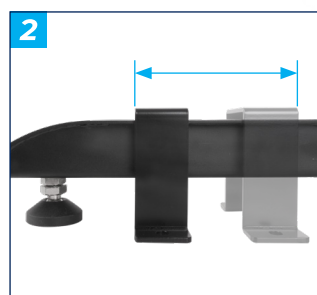

Steel thickness	4mm
Width	168mm
Height	114mm
Fixing Kits supplied (per pack)	2 per base
