

BT8380-FSB

FREESTANDING FLOOR BASE

Designed to create freestanding, flat screen floor stands, the **BT8380-FSB** is a robust steel base that works in conjunction with BT8380 System X columns to create stylish display mounting solutions with a high-end aesthetic. Ideal for video conferencing, the heavy duty construction allows for single or multi-screen set-ups without the need to permanently fix to the floor. Designed with versatility in mind. Adjustable levelling feet are included to accommodate uneven floor surfaces and integrated cable management ensures installations have a neat and tidy finish.
