

BT8385-FTC

FLOOR-TO-CEILING MOUNTING KIT FOR USE WITH BT8385

The **BT8385-FTC** is a floor-to-ceiling mounting kit that allows Mode AL installations the capability of being mounting from the floor to the ceiling with the additional use of a B-Tech Ø50mm pole and ceiling mount. The mounting kit is easily installed by removing the vertical column's back plate and fixing onto the slots within the column. The vertical column should be fixed to the floor using a BT8385-BDB Bolt-Down Base and secured to the ceiling using a suitable ceiling mount, such as BT7822.

SPECIFICATIONS

Max load	70kg
Colour	Black

FEATURES

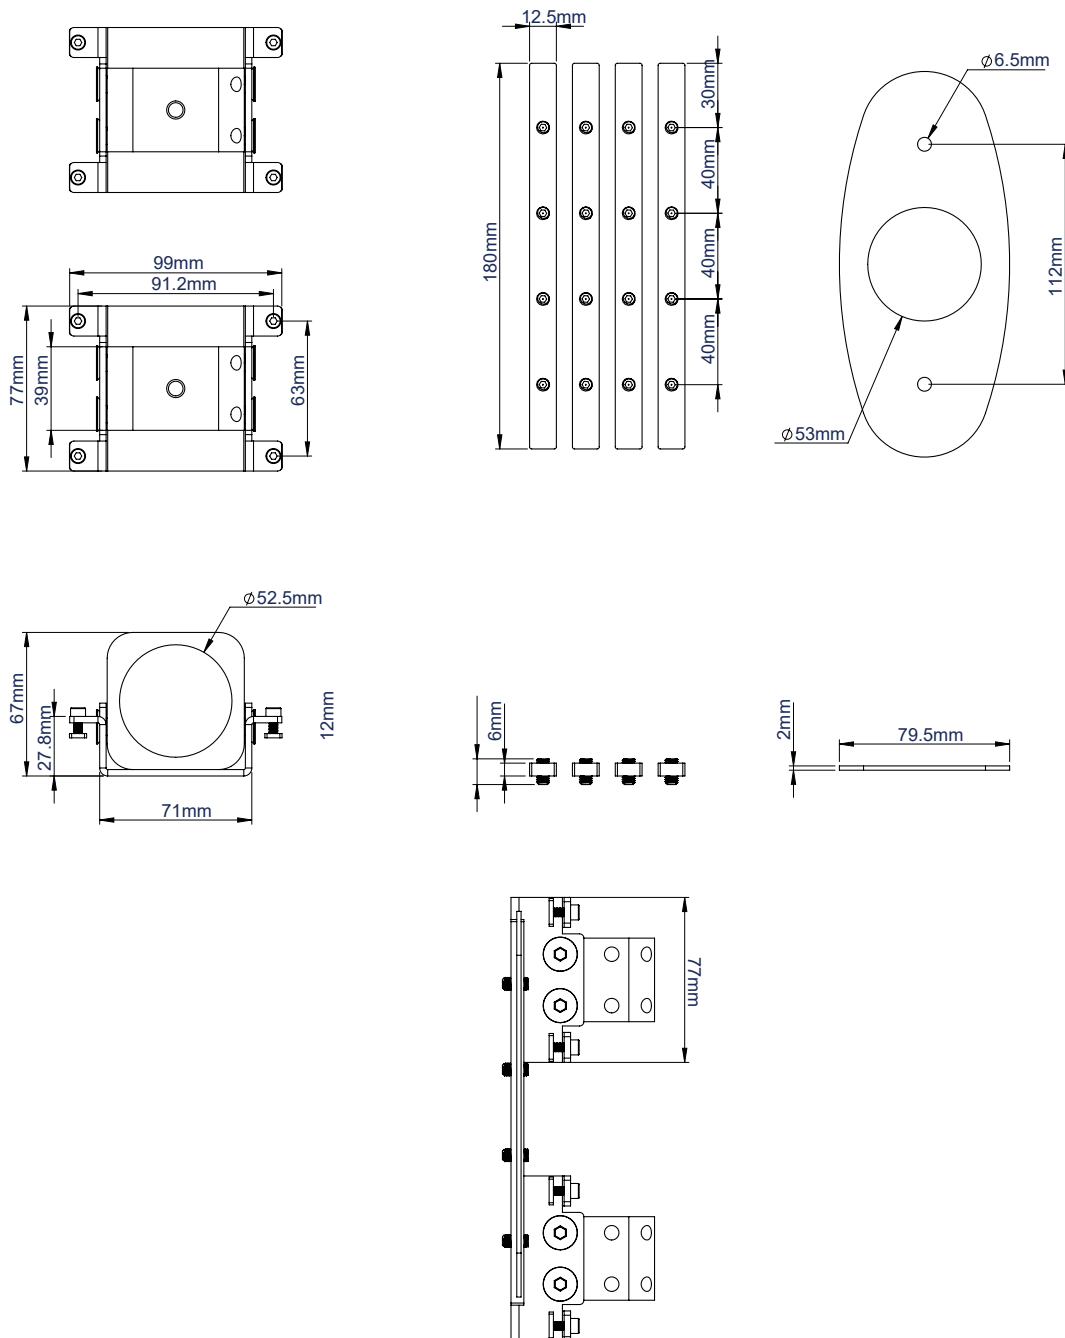

- 1 Fitted easily to the inside of a BT8385 Vertical Column
 - 2 Supplied with Extension Bars for joining vertical columns together for extended heights if required
