

## BT8390-WFK6

### SYSTEM X™ ADJUSTABLE HEIGHT & DEPTH RAIL MOUNTING BRACKET

The **BT8390-WFK6** is an adjustable wall bracket designed for the installation of dvLED video walls. As part of the System X Range, it is compatible with B-Tech's range of horizontal mounting rails and features both height and depth adjustment to give full, precise control over the install across every axis, no matter how uneven the wall surface is. Keyhole fixing points make installation quick and easy and the bracket is also compatible for mounting onto vertical columns and poles, meaning it can be used in floor stand applications as well as for wall mounted installations.

#### SPECIFICATIONS

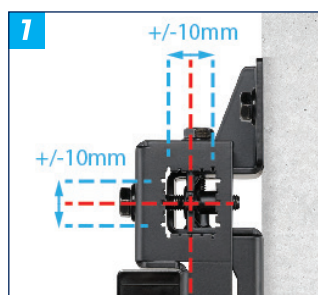

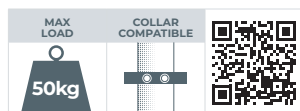

|                               |                                                    |
|-------------------------------|----------------------------------------------------|
| Wall to rear of rail distance | <b>37mm (+/-10mm)</b>                              |
| Dimensions                    | W: <b>56mm</b> H: <b>310mm</b> D: <b>59-67.3mm</b> |
| Adjustable Depth & Height     | <b>+/-10mm</b>                                     |
| Max Load (per bracket)        | <b>50kg</b>                                        |
| Brackets supplied (per pack)  | <b>1</b>                                           |
| Colour                        | <b>Black</b>                                       |

#### FEATURES

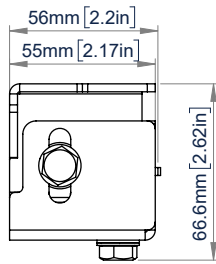

- Designed to mount BT8390 horizontal rails and BT8393 vertical columns to walls and poles
- 1 Micro-adjustment of the height & depth of the installation to counteract uneven walls
- 2 Integrated adjustment guides for straightforward alignment
- 3 Keyhole mounting allows for easy installation
- 4 Can also be pole mounted using B-Tech accessory collars
- Mounts the BT8390 horizontal rail just 37mm from the wall with a +/-10mm adjustable depth to ensure a flat to the wall installation
- All mounting hardware included
