

# BTF841

## SYSTEM X™ DUAL STACK FLAT SCREEN FLOOR STAND 1.8M

The **BTF841** is a premium mounting solution designed to mount two screens, one above the other, in either landscape or portrait orientation. A heavy duty steel base eliminates the need to bolt to the floor and adjustable levelling feet are included to accommodate uneven surfaces. The high-end aesthetic with an anodised aluminium finish and integrated cable management ensures finished installations are neat and tidy, making the BTF841 ideal for use in professional or commercial applications.

### SPECIFICATIONS

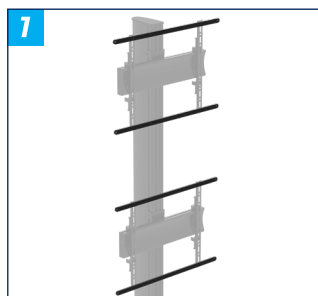

|                                          |                                                         |
|------------------------------------------|---------------------------------------------------------|
| Recommended screen size (landscape)      | <b>32" - 65"</b>                                        |
| Recommended screen size (portrait)       | <b>32" - 46"</b>                                        |
| Max load (per screen)                    | <b>35kg</b>                                             |
| VESA® & non-VESA fixings (standard)      | up to <b>472 x 400mm*</b>                               |
| VESA® & non-VESA fixings (with adaptors) | up to <b>600 x 400mm*</b>                               |
| Dimensions                               | W : <b>890mm</b> x D : <b>604mm</b> x H : <b>1841mm</b> |
| Colour options (column)                  | <b>Black</b> or <b>Silver</b>                           |

### FEATURES

- 1 Maximum VESA fixing can be increased to 600mm using the adaptor arms
  - 2 Supplied with adjustable levelling feet to accommodate uneven floor surfaces
  - 3 Collar compatible accessories such as shelves (available separately) can be fitted directly to the column
  - 4 Integrated cable management for a neat and tidy installation
- Suitable for landscape or portrait mounting
  - Heavy duty steel base construction provides stability
  - Can also be bolted to the floor to prevent unauthorised removal of the display
  - Arms feature levelling screws to adjust the screen height
  - Safety screws help prevent unauthorised screen removal
  - Simple 'hook-on' screen installation
