

BT4002-TPC

FLOOR BASE COVER PLATE

The **BT4002** cover plates are designed to hide unused fixing holes and handles on the BT4000, BT4001 and BT4002 floor bases. A specific cover plate is available for each variation of floor base from single pole / column to twin pole / column stands. Choose the correct cover plate for your floor base according to the installation requirement - check the compatibility table below.

SPECIFICATIONS

Material depth	1mm
Dimensions	W : 510mm x D : 233.5mm
