Installation Safety Instructions

Caution: This mount is intended for use only with the maximum weights indicated. Use with equipment heavier than the maximum indicated may result in instability causing possible injury.

Do not attempt to install this product until all instructions and warnings have been read and properly understood. *Please keep these instructions for future reference.* Please check carefully to make sure there are no missing or defective parts - defective parts must never be used. B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire.

General

B-Tech AV Mounts recommends that a professional AV installer or other suitably qualified person install this product. Great care must always be taken during installation as most AV equipment is of a fragile nature, possibly heavy and easily damaged if dropped. If you do not fully understand the instructions or are not sure how to install this product safely, then please consult a professional for advice and/or to install this product for you. Failure to mount this product correctly may cause serious injury or death both during installation and at any time thereafter. Do not mount any AV equipment that exceeds the specific weight limit of the product you are installing. This weight limit will be clearly stated on each product and its packaging and will vary from product to product.

Product location

Please pay careful attention to where this product is located. Check load capacity of the ceiling prior to installation as some surfaces are not suitable for installation. Designed for indoor use, this mount is suitable for public or home installation if located in a public or frequently populated area ensure that the product is out of the immediate reach of people. If any AV equipment is to be suspended over the likely path or location of people then great care should be taken to secure all parts of the installation from falling. When drilling holes it is essential to avoid contact with electrical cables and water or gas pipes contained within. Use of a good quality live wire detector and hidden object locator is therefore recommended. Only drill into structures when you are sure it is safe to do so.

Fixing hardware

It is highly recommended that all fixing screws be used where supplied and that the purpose of all other fixing hardware is fully understood. In some cases more AV equipment fixing hardware will be supplied to accommodate different models of equipment and set up configurations. The installer must be satisfied that any supplied fixing hardware is suitable for each specific installation. The fixing kit supplied with the product may not be suitable for all walls. If any fixing screws or included hardware are deemed not sufficient for a safe installation then please consult a professional or your local hardware store. When drilling holes it is essential to avoid contact with electrical cables and water or gas pipes contained within. Use of a good quality live wire detector and hidden object locator is therefore recommended. Only drill into structures when you are sure it is safe to do so.

Hazard limitation

When routing cables take advantage of any built in cable management features that the product might provide and ensure that all cables are tidy and secure. Check to see that any moving aspect of the product can do so unhindered by any cabling. Some products have moving parts and the potential to cause injury through the crushing or trapping of fingers or other body parts. Particular attention to the nature of moving parts is required especially when assembling installing and adjusting during set up. Immediately after installation double-check that the work done is safe and secure. Double-check all necessary fixings are present and are of ample tightness. It is recommended that periodic inspections of the product and its fixing points are made as frequently as possible (no more than 6 months apart) to ensure that safety is maintained. If in doubt consult a professional AV installer or other suitably qualified person.

- CN B-Tech AV Mounts 建议本产品由专业AV安装人员或其他合格人员安装。B-Tech AV Mounts 及它的代理商、经销商不对由于不恰当的安装而造成的损失或伤害负责。本产品必须安装在合适的架构上，并仅用于不超过所标示的最大承重。

Optional

Not Required

Installation Tools Required

Suitable for loads up to 70kg (154lbs)

Item	Description	Qty
A1	Ceiling Plate	1
A2	M8 x 60mm Hex Socket Screw	1
A3	M8 x 8mm Grub Screw	8
A4	Ceiling Plate Cover	2
A5	M8 x 12mm Hex Screw	1
A6	4AF Hex Key	1
A7	5AF Hex Key	1
B1	Extension Pole	1
B2	End Cap (Not Required)	1
C1	Collar	2
C2	Extension Bar (Optional)	4
C3	End Cap	1
C4	3AF Hex Key	1
D1	Column	1
D2	Column Rear Cover	1
D3	End Cap (Not Required)	1
D4	M6 x 12mm Hex Screw	2
D5	End Cap (Not Required)	4
D6	M6 x 12mm Hex Screw	4
D7	Cover Strip	4
D8	3AF Hex Key	1
D9	4AF Hex Key	1
E1	Bolt Down Base	1
E2	M6 x 35mm Csk Hex Screw	4
E3	4AF Hex Key	1
F1	Rail-To-Column Mounting Bracket	1
F2	M6 x 40mm Csk Hex Screw	4
F3	Rectangle Nut	4
F4	M8 Sliding Insert	4
F5	M8 x 12mm Screw	4
F6	4AF Hex Key	1
F7	5AF x L120mm Hex Key	1
G1	Mounting Rail	1
G2	End Cap	2
H1	Screen Interface Arm	2
H2	5AF Long Hex Key	1
H3	M4 x 12mm Screw	4
H4	M4 x 25mm Screw	4
H5	M4 x 40mm Screw	4
H6	M6 x 16mm Screw	4
H7	M6 x 25mm Screw	4
H8	M6 x 40mm Screw	4
H9	M8 x 16mm Screw	4
H10	M8 x 25mm Screw	4
H11	M8 x 40mm Screw	4
H12	Multi-Washer	4
H13	5mm Spacer	4
H14	13mm Spacer	4
H15	24mm Spacer	4

Optional **Extending The Columns**

Combining Columns

- i. Fix 4 x *item C2* into the top of *item D1* by tightening the bottom 2 grub screws on each *item C2*.
- ii. Slide the top *item D1* onto *item C2*, and fix the remaining 2 grub screws on each *item C2*.

Installation Instructions

1. Insert Collars To Top Of Column

Insert both *items C1* into the rear slots on *item D1*.

(Note: Ensure nuts slide into the slots).

Set *item C1* 50mm apart and from the top of *item D1*.

2. Fix Base To Column

Fix *item E1* to the bottom of *item D1* using *item E2*.

3. Attach Mounting Bracket To Column

- i. Insert 4 x *item F2* into *item F1* and attach *item F3*.

Screw two full turns to leave *item F3* at the end of *item 2*.

- ii. Slide *item F1* down the front slots of *item D1* to the correct height and tighten *items F2*.

4. Fix End Cap To Column

Attach *item C2* to the top of *item D1* using *item D4*.

5. Attach Pole To Ceiling Plate

- Insert *item B1* into *item A1* and secure in place using *item A2*.
- Tighten all *item A3* on *item A1*.

6. Insert Pole Into Column

Insert item B1 into item D1 through items C1 & C3.

7. Bolt Stand To The Floor

Pre-drill holes in floor and using suitable ground anchor fixings (not supplied), fix stand to floor.

8. Fix To Ceiling

- i. Extend *item B1* to mark and drill holes in the ceiling for *item A1*. Secure *item B1* in place using the grub screws on *item C1*, then fix *item A1* to ceiling (fixings not supplied).

9. Hook Rail Onto Mounting Bracket

- i. Insert 4 x *item F4* into *item G1* (2 in the top channel, 2 in the bottom channel).
- ii. Screw 2 x *item F5* into *item F4* in the top channel - allow at least a 6mm gap so the rail can be hooked on to *item F1*.

- iii. Hook *item G1* onto *item F1* and fix with in place with *item F5*.
- iv. Attach *item G2* to the ends of *item G1*.

10. Attach Interface Arms To Screen

Fix item *H1* to the rear of the screen using items *H3* - *H15*.

Note: Ensure the arms are facing the correct way round and the same holes are used on both arms.

11. Hook Screen Onto Rail

Use items *H1* to hook the screen onto item *G1*.

12. Lock Screen To Rail

Tighten the safety screws on the bottom of item *H1* securing the screen to item *G1*.

Note: If necessary, adjust the height adjustment screws on top of item *H1* to level the screen.

14. Attach Rear Cover And Strips

- After the display has been mounted attach *item D2* to the back of *item D1*.
- Insert *item D7* to the front and back of *item D1*.

Note: *Item D7* may have to be cut down to size to be able to fit into the front of *item D1*.

Use pliers to cut item D7 to correct size

Optional - Fix Rear Cover To Column

- Unfasten *items D4* and lift *item C2* up from *item D1*.
- Insert 4 x *item D6* into the back slots of *item D1* (2 in each slot), place 2 at the bottom and at the top of *item D1*.
- Secure *item D2* onto the back of *item D1* using *items D5 & D6*.
- Fix *item C2* back onto *item D1*.
