Installation Safety Instructions

Caution: This mount is intended for use only with the maximum weights indicated. Use with equipment heavier than the maximum indicated may result in instability causing possible injury.

Do not attempt to install this product until all instructions and warnings have been read and properly understood. Please keep these instructions for future reference.

Please check carefully to make sure there are no missing or defective parts - defective parts must never be used. B-Tech AV Mounts, its distributors and dealers are not liable or responsible for damage or injury caused by improper installation, improper use or failure to observe these safety instructions. In such cases, all guarantees will expire.

Installation Instructions

1. Insert Collars To Top Of Column

Insert both *items C1* into the rear slots of the column
(Note: Ensure nuts slide into the slots). Set *item C1* 50mm apart and from the top of the column.

2. Fix End Cap To Column

Attach *item 3* to the top of the column using the M6 x 12mm screws supplied with the column (BT8385-190).

3. Insert Pole Into Column

Insert the Ø50mm pole into the column through *items 7 & 3*.

Pole inserted into column

Note: Keep loose, do not fix.

4. Fix To Stand To Floor & Ceiling

Bolt the base to the ground and then extend the pole and ceiling mount to the ceiling.

Secure pole in place using the grub screws on *item 1*, then fix the ceiling plate to the ceiling.

Optional **Extending The Columns**

Combining Columns

- i. Fix 4 x *item 2* into the top of a column, tighten the bottom 2 grub screws on each *item 2*.
- ii. Slide another column on top, attaching to *item 2* and tighten the remaining grub screws on *item 2*.
