

BT5935-200/W

SYSTEM V™ Ø38MM POLES

BT5935 are Ø38mm steel poles capable of supporting substantial loads from B-Tech's System V Range, a collection of components designed to install CCTV and other ceiling-mounted equipment. Available in one, two and three-metre lengths, the poles are compatible with B-Tech components, allowing professionals to customise their security mounting solutions to their specific requirements, such as pole-mounting CCTV cameras and screens from the ceiling with extended drops.
