

SLIM DOUBLE ARM FLAT SCREEN WALL MOUNT WITH TILT & SWIVEL

The **BT7513** is a versatile and stylish wall mount designed for small flat screens up to 28". Featuring B-Tech's UltraGlide™ Tilt technology, it delivers smooth, tool-free tilt adjustment, complemented by three swivel points (180° at the wall, 360° at the central pivot, and 240° at the interface) for maximum flexibility. Full 360° screen rotation makes it easy to switch between portrait and landscape viewing, while the double articulated arm extends up to 18.4" from the wall for optimal positioning. An integrated on-wall levelling system ensures a precise installation, and built-in cable management keeps setups neat and professional. Designed to integrate seamlessly with B-Tech's System 2 range, the BT7513 offers multiple mounting options for both commercial and residential environments, with security screws provided to help prevent unauthorised screen removal.

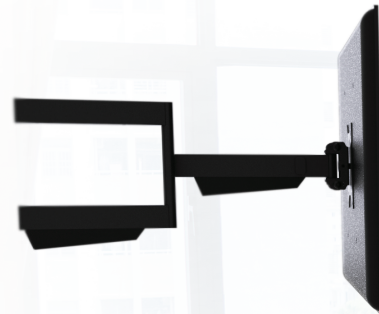

SPECIFICATIONS

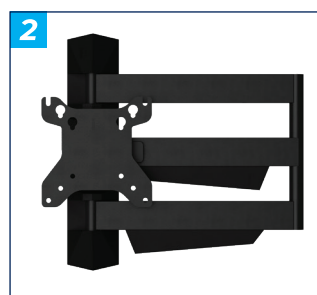

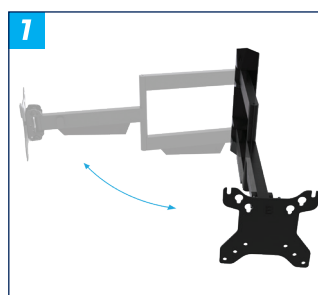

Recommended screen size	up to 28"
