

BT7823

INTERNAL POLE JOINER FOR Ø2" POLES

The **BT7823** is an internal joining kit for Ø2" poles which is designed to extend the drop of System 2 installations. The joiner is made from a single piece of 0.15" thick heavy duty steel, which easily bolts to the inside of the poles to create a rigid, seamless join whilst still allowing cables to pass through unimpeded.

SPECIFICATIONS

Steel thickness	0.1"
Width	2"

FEATURES

- 1 One-piece design for a quick install
 - 2 Creates a seamless pole join
- Allows a rigid internal join of 2x Ø2" poles
 - Heavy duty steel supports substantial loads with minimal movement
 - Allows cables to pass through the poles and joiner
